THE FOURTH AWAKENING is gripping story of second chances, human potential, power of thought and spiritual growth. Anyone who reads it will never look at the world the same way again. While a work of fiction, the book is grounded in cutting edge science and an emerging spiritual reality. It offers readers a glimpse of their future.

In the spirit of "The Shack," "Way of the Peaceful Warrior," and "The Celestine Prophecy" - THE FOURTH AWAKENING is a fast paced novel with a deep underlying message that will resonate with all who read it. For those seeking deeper meaning in their lives it will become the book they recommend to everyone they know. The craftsmanship of the plot, pacing and characters will keep even the casual reader turning pages.

The book combines the talents of two gifted writers, Rod Pennington who has five previous suspense novels and two screenplays among his credits and Jeffery A. Martin, a scholar specializing in higher states of consciousness who has co-edited, authored, or contributed to more than twenty books in addition to numerous other publications and media.
